

SRS Success!

WSRC Sets New Safety Record

- On May 23, WSRC Team Operations employees set a new company safety record by completing 225 days (over 13 million hours) without an employee losing time as a result of a workplace injury or illness.
- This achievement represents the longest string of safe days and hours worked by employees since WSRC came to the SRS in 1989.
- WSRC is the largest single employer in the DOE complex to receive OSHA's top rating, the Voluntary Protection Program's STAR status.
- WSRC also received the National Safety Council's Award of Recognition, Award of Honor, and the South Carolina Chamber of Commerce's Commendation of Excellence for outstanding safety performance.
